Re: Update – Application A.07-01-009 through A.07-01-015 filed January 5, 2007

Dear Mr. Chan,

Attached is Golden State Water Company's update data for Application A.07-01-009 through A.07-01-015. Decision 04-06-018 states: "Up to 45 days after filing, more recent recorded data used in the application may be provided by the utility and used by ORA in its reports. The utility may also use the data in its rebuttal testimony. More recent recorded data are utility plant or expense account balances showing actual historical amounts. The more recent recorded data must be used in the same manner and for the same purpose as the data included in the original application. New or additional items or forecasted costs are not updates to recorded data and will not be accepted".

Accordingly, Golden State Water Company will also submit an update letter referencing the aforementioned application numbers to the CPUC Docket Office.

If you have any questions, please do not hesitate to call me at (909) 394-3600, Extension 759.
